**11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS**

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers  is extended,  is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning one (1) copy of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)

**13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.**

- A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
- B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b). SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
- C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
- D. OTHER (Specify type of modification and authority)

E. IMPORTANT: Contractor  is not,  is required to sign this document and return \_\_\_ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

----------------------------------	----------------------------	----------------------------------	----------------	-------

## GENERAL INFORMATION

The purpose of this modification is to correct the Line of Accounting for SLINs 420069, 620067, and 900020.

Accordingly, said Task Order is modified as follows:

1. The total amount obligated to the task order is hereby increased from [REDACTED]  
[REDACTED]

2. The total value of the order is hereby increased from [REDACTED]  
[REDACTED]

3. The Line of Accounting information is hereby changed as follows:

420069:

From: PX 1751319 F4TD 000 41756 0 068941 2D 000000 320027659000

To: QH 1751319 F4TD 000 41756 0 068941 2D 000000 320029443000

620067:

From: PX 1751319 F4TD 000 41756 0 068941 2D 000000 320027659000

To: QH 1751319 F4TD 000 41756 0 068941 2D 000000 320029443000

900020:

From: QV 1751319 F4TD 000 41756 0 068941 2D 000000 320029443000

To: QH 1751319 F4TD 000 41756 0 068941 2D 000000 320029443000

A conformed copy of this Task Order is attached to this modification for informational purposes only.

## SECTION C DESCRIPTIONS AND SPECIFICATIONS

### SECTION C DESCRIPTIONS AND SPECIFICATIONS

This is a performance based statement of work. The effort performed hereunder will be evaluated in accordance with the performance standards/acceptable quality levels described below and the evaluation methods described in provision CAR H09 in Section H.

#### 1.0 SCOPE AND BACKGROUND

The contractor shall provide both broad and specialized scientific, engineering, technical, and program management support services for submarine and surface ship signature silencing programs (primarily acoustics). This shall include (but not be limited to): support for submarine and surface ship signature measurement trials; participation in the development of trial documentation and test plans; the assessment and improvement of current measurement procedures and systems development/improvement; support for signature trials, special trials and other related studies; the assessment of signature measurement systems; engineering and technical support for projects and RDT&E test activities; program management; administrative services; and technical personnel and resources for operation, maintenance, repair and logistics support to the Naval Surface Warfare Center, Carderock Division, Detachment Puget Sound (NSWCCD DET) (NSWCCD DET) facilities and on-water assets located at Naval Base Kitsap, Bangor (NBK Bangor).

These contractor support tasks shall include the development of trial documentation and test plans prior to each at-sea period as well as the preparation of final reports following the completion of trials. Engineering and technical support shall encompass radiated, platform, sonar self, structureborne, and airborne noise measurement disciplines, as well as trials planning and coordination, signature measurement system design and support, and data processing system design and support. Ongoing program management support shall also be provided to implement short and long term program assessment, administrative support, funding profiles, cost cycles and analysis, resource management including staffing, and program documentation. Furthermore, support will be required for special silencing projects. Additionally, for services performed at the contractor's facilities, such as the development of reports, it is required that the contractor have computer software compatible with the standards at NSWCCD using a word processing system that is PC based and compatible with the software currently utilized at NSWCCD. Support of these tasks could occur at any of the NSWCCD facilities, measurement sites, or forward deployed areas. For the purpose of this document, the term "signature" will typically focus on acoustic signatures, however, it could also include magnetic, underwater electrical potential, radar cross-section, and/or electro optical signatures.

#### 2.0 TASK REQUIREMENTS

The specific tasks to be performed in support of the mission of the Naval Surface Warfare Center, Carderock Division, Detachment Puget Sound (NSWCCD DET) shall be within the scope of those outlined in the subsequent paragraphs. Tasks shall be performed at a variety of locations, e.g. NSWCCD DET main offices at NBK Bangor, onboard US or foreign naval submarines or surface ships during the conduct of trials, Southeast Alaska Acoustic Measurement Facility (SEAFAC), South TOTO Acoustic Facility (STAFAC), South Florida Testing Facility (SFTF), forward deployed portable measurement systems and/or at the contractor's facilities. The contractor is expected to be able to perform in a "team" environment, consisting of government employees, armed forces representatives, shipbuilders or other contractor support. Efforts shall proceed in each of the areas in parallel, with the results of investigation and testing in each area directly affecting work in other areas.

#### 2.1 Systems Development

2.1.1 Systems Development - The Contractor shall provide data acquisition and analysis system development support for various ship signature measurements. This shall include the acquisition, processing, and analysis of radiated noise, structureborne noise, platform, and sonar self-noise data. Development shall be for both NSWCCD and navy operated systems. These efforts shall include the analysis of acoustic trial reporting requirements, identification of signal processing techniques and methods, an evaluation of systems requirements, development of system specifications, determination of adequacy of Commercial Off the Shelf (COTS) instrumentation and/or software, development of software for acquisition and analysis systems, determination of interfacing requirements with ship systems (e.g. sonar and fire control), and validation and verification of data acquisition system operability and accuracy. After researching available technology, the contractor shall develop system specifications, overall system architecture, and software for the operation of the measurement system.

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 36 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

2.1.2 Software Development - The Contractor shall provide software development and support for acoustic trial measurement and data acquisition and processing systems. This includes both NSWCCD and shipboard systems. This software development shall provide improved signal processing, efficiency, or user operability to presently used systems.

2.1.3 Tracking and Navigational Aids Systems Development and Support - The contractor shall provide tracking and navigational aids hardware and software support. These efforts shall include the analysis of acoustic, RADAR and GPS tracking requirements, identification of signal processing techniques and methods, development of system specifications, determination of adequacy of commercial off the shelf (COTS) instrumentation and/or software, development of software for tracking submerged and surface targets, determination of interfacing requirements with ship systems (e.g. sonar and fire control) and validation and verification of system operability and accuracy.

The Contractor shall provide software development for existing tracking and navigational aids systems. Systems requiring support include Submarine Tracking and Navigational Aids System (STANAS), Emergency Warning System (EWS), Shipboard Acoustic Receiving and Transmitting System (SARTS), Acoustic Receiving and Transmitting System (ARTS), tracking pingers, and tracking software. This software development shall primarily provide improved tracking reliability, efficiency, and/or user operability to presently used systems.

2.1.4 Measurement Systems Validation Support - The Contractor shall provide measurement systems validation support. This support shall include both on-water and in lab support of measurement acquisition and analysis systems and may occur at any of the NSWCCD measurement sites or forward deployed areas. The support shall include, but not be limited to, system operation, test direction, test plan development, development of validation plans and reporting.

2.1.5 Documentation – All development efforts shall include system and/or software documentation and user guides.

## 2.2 Ocean Engineering

The Contractor shall provide engineering and technical support for the planning, conduct and execution of Ocean Engineering Projects and Research, Development, Test and Evaluation (RDT&E) activities conducted at NBK Bangor and remote locations. These services shall support the projects and RDT&E associated with: underwater acoustic data acquisition and processing systems; surface and subsurface navigation and tracking systems (hardware and software); acoustic noise characterization and performance measurement of ROV's, UUV's, and other specialized underwater tools; sonars, dopplers, and mine-hunting hardware; and operational and logistics exercises in support of fleet training and special forces exercises.

2.2.1 Project Support - Contractor support shall include preparation of test plans and procedures, agendas, and documentation; identification of required instrumentation, data acquisition and processing methods; design and set up of special test equipment; and collection, analysis and evaluation of acoustic signature and non-acoustic/electromagnetic data. Support shall also be provided in the development and preparation of reports, technical analyses, recording of meeting minutes, and proceedings of special ship silencing committees, and assessment of research and development programs. The contractor shall provide engineering and technical support to: review project requirements, specification, drawings, etc.; provide assistance to project managers, design engineers and other technical and operations personnel with project planning and execution; and provide personnel and resources as required to design, fabricate, assemble and install specialized hardware used in support of projects and RDT&E test activities.

2.2.2 Diving Operations - The contractor shall conduct diving operations as required in support of acoustic trials, project related operations, maintenance, and repair activities. Support shall also be provided for engineering and technical services to operate, maintain and repair associated contractor-owned diving systems, subsystems, components and equipment. Diving capabilities shall include scuba, scuba AGA and surface-supplied to depths of 100 ft. of seawater. No Navy-owned diving equipment, or Navy diving personnel, shall be utilized by the contractor during the execution of this task order. Diving operations shall be conducted in accordance with OSHA requirements set forth in 29 CFR 1910 Subpart T for commercial diving operations and 46 CFR Part 197, and support up to two working divers, conducting work associated with ship's husbandry, underwater assembly, disassembly, rigging, welding/cutting, and inspections. The spontaneity and frequency of required diving operations is indeterminate and therefore constitutes the need for diving to be an integral part of the contractor's support infrastructure. The contractor shall be responsible for diving safety and for developing and maintaining all required

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 37 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

procedures, documentation, records and qualifications, and satisfy requirements set forth in NSWCCD Diving Instructions (CARDEROCKDIVINST 3150.3A) and Notices regarding contract diving operations. The contractor shall provide additional commercial diving personnel and resources as dictated by project requirements and/or when it becomes necessary to augment the diving capabilities. Approval for diving by the NSWCCD Command Diving Officer is required each time diving services are required. The required approvals shall be requested and obtained from the Task Order Manager (TOM) prior to each dive.

2.2.3 Clearance Requirements - Selected positions who will work on-site at the NSWCCD DET NBK Bangor facilities shall be "eligible" for access to Top Secret Special Compartmental Information (TS SCI). This eligibility will be identified in the Joint Personnel Adjudication System (JPAS) under the eligibility block and will be listed as "SCI". The personnel may only have been granted access to SECRET information but they need to be eligible to be granted access to TS SCI information. Selected positions include but are not limited to waterfront operations director, divers, mechanical specialist, electronics technician, and logistics coordinator.

## 2.3 Signatures And Mines

2.3.1 The Contractor shall provide engineering and technical support for the planning, conduct and execution of ship signatures and mines programs conducted at CONUS and OCONUS sites. Required support shall include preparation of test plans and procedures, agendas, and documentation; identification of required instrumentation, data acquisition and processing methods; design of special test equipment; and collection, analysis and evaluation of signature data. Support shall be provided in the development and preparation of reports, technical analyses, recording of minutes and proceedings of special ship silencing committees, assessment of research and development programs and programmatic support.

## 2.4 Submarine and Surface Ship Acoustic Measurement and Analysis Support

2.4.1 Acoustic Trial Support – The contractor shall provide support for radiated, platform, and structureborne noise. This work shall support acoustic trials, TOMAs, fleet support, and other various noise measurements. The work shall include engineering support prior to, during, and following the measurement and involves planning, equipment setup, data acquisition, data analysis, statistical studies, and reporting.

2.4.2 Trial Director Support - The Contractor shall provide engineering and technical support for the planning, conduct and execution of full scale submarine, and surface ship, and other signature measurement trials. Specific efforts shall include: operation of the trial ranging systems and, in the case of submarine trials, the fire control system to ensure that acoustic run geometries are maintained in accordance with agenda requirements; coordination with ships forces to insure that ship operating conditions such as speed, depth and machinery lineups are in accordance with agenda requirements; coordination with measurement and analysis personnel to ensure that acoustic problems are properly documented and information on deficiencies is transmitted to necessary on-site activities involved with problem resolution; and involvement in trial planning stages to develop agenda inputs based on the given technical requirements.

2.4.3 Technician Support - The contractor shall provide technician support for fabrication, installation and calibration of acoustic measurement equipment. This support shall include both acoustic trial and special operation measurements in support of NSWCCD missions. This shall include equipment set up, test, and calibration, the fabrication of cable assemblies, the fabrication of electronic test fixtures, equipment setup, and integration on board test vessels or shore facilities. This shall also include the disassembly, packaging, and shipping of instrumentation and trial support equipment to and from the test vessel and or shore facility.

2.4.4 – Training – The contractor shall provide training to NSWCCD and naval personnel for acoustic data measurement and analysis techniques. This training is for both shipboard and NSWCCD measurement systems and shall include system operation and acoustic analysis skills for radiated, platform, and structureborne noise data.

## 2.5 Facilities and Asset Support

The Contractor shall provide engineering, technical, and administrative support for the maintenance, repair, and operation of the NSWCCD NBK Bangor facilities including: upland facilities and systems of Building 7131 (NSWC DET offices and laboratory), and waterfront facilities including Building 7132 (pier, transfer span and pontoon), and Building 7133 (Ships services support building); specialized equipment (e.g. electrical, electronic, mechanical and diving systems, subsystems and components); working marine platforms and vessels (e.g. M241 Barge, RCB-1 Barge, R/V Sea State One, and Surface Support Small Boats); weight handling equipment (e.g.

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 38 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

cranes, hoists, lifts and rigging gear); and/or other, unique equipment (e.g. project and customer specific equipment utilized during RDT&E activities).

2.5.1 Electrical, Electronic, and Mechanical Systems - Provide engineering and technical services to operate, maintain, and repair electrical, electronic and mechanical systems, subsystems and components. The electrical/electronic systems include: acoustic measurement equipment (sensors and hydrophones); acoustic data acquisition and signal processing equipment; navigation and tracking systems, equipment and devices (acoustic, microwave and GPS); Communications equipment (radios, intercoms and telephones); power generators and conditioners; computer hardware and software; and all associated interfaces, cabling, connections and terminations. The mechanical systems include items such as: lifting/hoisting equipment; winches and associated rigging gear; small gasoline engines; small boats marine outboard and inboard motors; hydraulic power packages and marine (diesel) propulsion systems; and heating, ventilating and air conditioning systems.

2.5.2 Marine Platforms - Provide engineering and technical services to operate, maintain and repair working marine platforms (pontoon, barges, vessels and small boats), and their respective systems, subsystems and components as required and recommended by respective equipment manufacturer's instructions. These systems include: marine (diesel) electrical power generators and conditioners (including all associated engine machinery/hardware, interfaces, cabling, connections and terminations); hydraulic power packages; salt-water cooling systems (including all hardware and piping, sea chest, etc.); fresh water and septic systems (including all hardware and piping); diesel fuel storage, transfer and re-fueling systems (including all hardware and piping); holding, storage and ballast tanks (pumps, piping and ventilation); low and high pressure air systems (including all piping and hardware) fire suppression systems (including water, co2 and portable components); bilge systems; confined spaces (entry and gas free requirements); lighting systems; and all safety and alarm systems.

2.5.3 Weight Handling Equipment – The contractor shall support all requirements of NAVFAC P-307, the NSWCCD DET Local Instruction for Weight Handling Equipment Operation, Maintenance, Certification and record keeping, and other Occupational Safety & Health Administration (OSHA), American Society of Mechanical Engineers (ASME), American national standard institute (ANSI), etc. publications, guidelines and requirements applicable at NSWCCD DET. This includes all cranes, hoists, forklifts, man-lifts/special purpose lifts, and associated rigging gear and fall protection/rescue procedures and equipment. The support shall include: conducting required maintenance, inspections and certifications to ensure equipment is maintained in operational condition; maintaining all required documentation (e.g. maintenance, operations, inspection, and certification records); completing all training and licensing required for maintenance and operation of Government owned weight handling equipment (WHE). For training, the contractor shall schedule and complete required safety and technical, certification and licensing programs and courses sponsored by the Government, as specified in NAVFAC instruction P-307. For licensing, the Contractor shall designate in writing the official and organization responsible for the management and administration of the program for instructing, examining and licensing of operators of WHE. The official responsible for the license program shall designate in writing, instructors and performance examiners having qualifications as set forth in NAVFAC instruction P-307. All Contractor personnel licensed under this program shall meet P-307 and other applicable personal and physical qualifications, including a physical examination by a licensed health care professional. The contractor shall participate in Operational Risk Management (ORM) guidelines, practices and processes.

2.5.4 Contractor Training - The Contractor, in conducting the services described above, shall participate in the NSWCCD DET Safety and Industrial Hygiene and Environmental Training and Awareness Programs. At a minimum, Contractor on-site personnel shall be required to undergo site specific training and provide services to ensure provisions are maintained for: Adult CPR/AED and First Aid; Energy Control Program (lockout / tag out); Use of Personal Protective Equipment; Proper Lifting Techniques; Fall Protection; Hazardous Material Control and Management; Hazardous Waste Management; Solid Waste Management and Recycling; Pollution Prevention and Oil and Hazardous Substance Spill Response; confined space entry and gas free testing and certification, and over water fueling/re-fueling operations (at minimum 2 personnel trained and designated as Person-in-Charge (PIC)) . As workplace hazards or deficiencies are identified, the contractor shall document the hazard or deficiency, implement corrective actions, and when corrective actions are completed, maintain an appropriate historical record.

## 2.6 Program Management

2.6.1 Signature Silencing – The Contractor shall provide signature silencing program management support. This shall identify and/or develop operational, technical, program, training, and regulatory requirements for silencing program development. The Contractor shall prepare, organize, collect, evaluate, review, and/or revise program

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 39 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

documentation including, but not limited to, issue papers, program plans, implementation plans, milestone charts, work breakdown structures, impact statements, funding profiles, procurement requirements, planning, control data, schedules, cost analysis studies, and resource management (including staffing). Under this task, the Contractor shall prepare presentation materials including, but not limited to, digital media, technical information documentation, visual aids and transparencies, multi-media presentations, briefing materials, and written articles for publication in professional or trade journals. Additionally, the contractor shall provide the capability to generate state of the art graphics and presentation packages. Presentation materials should be commensurate with typical commercial products integrating video, high definition graphics, high quality sound, and web based formats. All presentation materials should be developed so they can run on a standard PC equipped with a typical NMCI configuration. In supporting program management of silencing programs, the contractor shall provide short and long term program assessment, resource and personnel management and leveling including staffing, cost cycles and analysis, develop and maintain program metrics, develop and implement program process improvements, and provide program management training and documentation.

2.6.2 Environmental Support - The contractor shall provide support for environmental issues related to operations and maintenance of Navy facilities. The support shall be in the form of conducting studies as well as generating written documentation. Examples of studies would include surveys of beach elevation, samples of beach material sediment size, and monitoring of airborne noise levels. The contractor should be familiar with National Environmental Policy Act, 32 CFR Part 775; Department of the Navy Policy for Implementing the National Environmental Policy Act and OPNAVINST 5090.1B, Environmental and Natural Resources Program Manual. Familiarity with these guiding documents for Navy environmental policy shall allow the contractor to contribute written input to Navy documentation of Categorical Exclusions, Environmental assessments, and Environmental Impact Statements. The contractor shall assist with the preparation of environmental documentation for the evaluation of on-water projects and as required. The support shall include providing personnel and resources to carryout conservation measures and reasonable and prudent measures, identified and required by environmental compliance documentation (e.g. the contractor may be required to train personnel to be observers during operations, to observe, record and generate reports for sightings and encounters of mammals, fish and wildlife listed under the Marine Mammal Protection Act, Endangered Species Act, or other enactments). Contractor shall become familiar and support any operating restrictions imposed by regulatory permits.

2.6.3 Technical Report Editors - The contractor shall provide technical editors able to assemble technical documents. The editors shall have a high degree of proficiency using Microsoft Office, particularly MS Word. Extensive skills in formatting of documents to comply with Submarine Acoustic Signature Maintenance Program (SASMP) report formatting guidelines is required. The editors shall be required to solicit and compile input from various engineers located in different technical and geographic areas. Computer skills shall be required to efficiently organize, edit and store multiple electronic inputs from multiple reports simultaneously.

2.6.4 Document Control - The contractor shall provide support for managing the detachment's classified document control and library. Functions shall include checking classified documents in and out to users, transfer of document to outside agencies, periodic audits, tracing of the document control, and forwarding and receipt of messages. Managing the document control and library includes interaction with the local personnel support activity detachment (PSD) and scheduled airlines ticket office (SATO) travel offices as well as the base post office. Interactions include phone calls, e-mail and personal visits.

2.6.5 Plant Property - The contractor shall provide support for managing plant property which could include periodic audits and tracing the location of plant account material, filling out required Government forms for disposal of property, maintaining property lists, physical inspection, and removal of storage media from automated data processing (ADP) equipment prior to disposal. Packing and palletizing equipment for transfer to DRMO.

## 2.7 Media Transfer Agent Requirements

The Contractor shall ensure that personnel transferring classified data to removable media have the proper training and approval to perform Media Transfer Agent functions in accordance with CARDEROCKDIVINST 5510.12. The Contractor shall ensure that personnel designated as Media Transfer Agents have the appropriate security clearance in accordance with the Contract DD Form 254 Contract Security Classification Specification.

## 3. SPECIAL REQUIREMENTS

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 40 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

The following special conditions shall apply to the contractor in the performance of the tasks of this task order:

### 3.1 Location of Work

The principal locations for performing the majority of tasks shall be the Contractor's offices, the NSWCCD Detachment Puget Sound offices at NBK Bangor, WA, SEAFAC in Ketchikan, AK, and STAFAC located at AUTEK, Andros Island Bahamas. The contractor may also be required to provide the services described in this SOW at other NSWC facilities and sites as identified by the Task Order Manager (TOM). Examples of other locations include any homeport for US naval ships, the South Florida Test Facility (SFTF), NSWCCD ARD in Bayview ID, or forward deployed portable measurement systems.

### 3.2 Security

The contractor shall comply with security procedures and instructions as specified by the local Government Security Department and Section C of the SeaPort Enhanced (SeaPort-e) Basic MAC Contract. All contractors performing classified tasks under this SOW, shall be required to obtain a SECRET security clearance with the exception of selected positions discussed under section 2.2.3. Access to classified information will be limited by security clearance level and need to know, and all classified material shall be handled in accordance with approved security practices and procedures. Contractor personnel in contact with classified documentation and/or equipment shall have the proper level of clearance on file with the local Government Security Office.

### 3.3 Deliverables

Deliverables shall be written reports and presentations providing reporting results obtained on assigned tasks or recommendations following analyses or assessments. Additionally oral presentations may be required. These shall be prepared on a schedule assigned for each task. Written reports shall be delivered to NSWCCD DET Puget Sound. Oral presentations may be given at agreed upon locations. All deliverables shall be completed and submitted in accordance with the requirements listed below. Final copies of deliverables shall be distributed to the TOM and RTA.

#### 3.3.1 Progress Reports

The contractor shall provide the Government with monthly progress and status reports for each Contract Line Item Number (CLIN). The report shall summarize efforts currently in progress, planned tasking, accomplishments and problems encountered, and financial status by CLIN.

Deliverables: The contractor shall submit a Monthly Progress and Status Report, in narrative form with graphics, as appropriate, to illustrate information clearly. Contractor format is acceptable.

Frequency: Monthly.

Medium: Electronic format (Microsoft compatible format whenever possible). Unless the original format of the document is a requirement, contractor format is acceptable. Document shall be transmitted via e-mail or accessible via the Internet.

Due Date: 30 days after task order award and monthly thereafter. Reports shall be delivered Not Later Than (NLT) 7 days into the new reporting period.

#### 3.3.2 Technical Reports

The contractor shall provide the Government with engineering and technical reports. Contractor format is acceptable.

Deliverables: Engineering and technical reports shall provide the Government with fully documented results of studies, investigations, experiments and analyses performed. Reports include summaries, recommendations, status, trip reports, and any other required report.

Frequency: As Required. The Government will provide notification of all required reports and associated due dates.

Medium: Electronic format (Microsoft compatible format whenever possible). Document shall be transmitted via e-mail or accessible via the Internet.

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 41 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

Due Date: Contractor shall be notified of specific due dates as required.

### 3.3.3 Report, Record of Meeting/Minutes

The contractor shall provide the Government with reports and records of meetings of any specified type. Contractor format is acceptable.

Deliverables: Meeting minutes, and reports shall provide the Government with fully documented records of the deliberations and actions resulting from these meetings.

Frequency: As Required. The Government will provide notification of all meeting support requirements.

Medium: Electronic format (Microsoft compatible format whenever possible). Document shall be transmitted via e-mail or accessible via the Internet.

Due Date: Contractor shall be notified of specific due dates as required.

### 3.3.4 Presentation Materials

The contractor shall provide the Government with presentation material such as viewgraphs, photographs, slides, or other audiovisual aids to be used to present information. Contractor format is acceptable.

Deliverables: The contractor shall provide the Government with viewgraphs, photographs, slides, or other audiovisual aids as well as any accompanying text to be used to present information during meetings, reviews, and briefings.

Frequency: As Required. The Government will provide notification of all required presentations and associated due dates.

Medium: Electronic format (Microsoft compatible format whenever possible). Document shall be transmitted via e-mail or accessible via the Internet.

Due Date: Contractor shall be notified of specific due dates as required.

### 3.3.5 Revisions to Existing Government Documents

The contractor shall review existing Government documents, provided as GFI, for technical accuracy, prepare changes for incorporation, make recommendations for changes with supporting rationale, and incorporate changes. Unless the original format of the document is a requirement, contractor format is acceptable.

Deliverables: The contractor shall provide the Government with updated Government documents.

Frequency: As Required. The Government will provide notification of all required updates and associated due dates.

Medium: Electronic format (Microsoft compatible format whenever possible). Unless the original format of the document is a requirement, contractor format is acceptable. Document shall be transmitted via e-mail or accessible via the Internet.

Due Date: Contractor shall be notified of specific due dates as required.

## 3.4 Government Furnished Property and Information

The contractor shall have access to all government materials, information, and equipment at NSWCCD Detachment Puget Sound and facilities identified in section 3.1 as deemed necessary by the TOM. When necessary, the Government will provide access to reference documents and data such as drawings, technical manuals, and electronic media files.

## 3.5 Incremental Funding

This task order will be funded incrementally as required. Each project will be identified by CLIN/SLIN. For tracking purposes, the RTA may also identify each project with a Project Identification Number (PIN).

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 42 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

### 3.6 Travel

The contractor may be required to travel throughout the Continental United States (CONUS). Trip duration will normally not exceed five working days plus the required transit time. When required to obtain access to a Government facility, ship, aircraft, or other duty station, the contractor shall initiate requests for need-to-know certification, and submit these requests to the TOM for appropriate action. Trip reports shall be provided within five (5) working days of return from travel, or submitted with the Monthly Status Report for the month in which the trips were taken.

### 3.7 CONTRACTING OFFICER'S REPRESENTATIVE

The COR for this task order is [REDACTED]

### 3.8 Release of Information

The contractor shall not disclose any information provided or developed on the task order without prior approval in accordance with the attached DD Form 254 and the DFAR Clause 252.204-7000 entitled "Disclosure of Information" included in the Seaport Base Contract.

## 4. PERFORMANCE REQUIREMENTS

For quality assurance, the contractor's tasks will be inspected and accepted by the COR. All technical and contractual clarifications shall be coordinated with the COR.

## 5. CONTRACTOR PERSONNEL IDENTIFICATION

In the performance of this contract, contractor employees shall identify themselves as contractor personnel by introducing themselves or being introduced as contractor personnel and by displaying distinguishing badges or other visible identification for meetings with Government personnel. Contractor personnel shall appropriately identify themselves as contractor employees in telephone conversations and formal and informal written correspondence.

## 6. PERSONNEL

### 6.1 Level of Effort

The level of effort for the performance of this task order is based on the following labor category and hours per year:

Labor Category	Hours Per Year	Required Resumes
Program Manager (Offsite)*	[REDACTED]	1
Supervisory Senior Engineer (Offsite)*	[REDACTED]	2
Principal Investigative Scientist (Offsite)*	[REDACTED]	2
Waterfront Operations Director (Onsite)*	[REDACTED]	2
Senior Engineer (Offsite)	[REDACTED]	N/A
Engineer (Offsite)	[REDACTED]	N/A
Engineer (Onsite)	[REDACTED]	N/A
Junior Engineer (Offsite)	[REDACTED]	N/A
Senior Software Engineer (Offsite)	[REDACTED]	N/A
Software Engineer (Offsite)	[REDACTED]	N/A
Investigative Scientist (Offsite)	[REDACTED]	N/A
Acoustic Analyst (Offsite)	[REDACTED]	N/A
Senior Management Analyst (Offsite)	[REDACTED]	N/A
Management Analyst (Offsite)	[REDACTED]	N/A
Management Analyst (Onsite)	[REDACTED]	N/A
Logistics Coordinator (Offsite)	[REDACTED]	N/A
Logistics Coordinator (Onsite)	[REDACTED]	N/A
Environmental Planner (Offsite)	[REDACTED]	N/A
Electronics Technician (Offsite)	[REDACTED]	N/A

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 43 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

Electronics Technician (Onsite)		N/A
Mechanical Specialist (Onsite)		N/A
Draftsman (Offsite)		N/A
Technical Illustrator (Offsite)		N/A
Technical Typist/Editor (Offsite)		N/A
Technical Typist/Editor (Onsite)		N/A
Clerk Typist/Word Processor Operator (Offsite)		N/A
Information Systems Librarian (Onsite)		N/A
Diver (Onsite)		N/A
Total Hours Per Year		

\* Key Personnel

6.3 Personnel Qualifications for key and non-key personnel are as follows:

**(1) Program Manager (Offsite)\***

The target educational background and level of experience for the Program Manager(s) are:

A masters degree in engineering or physics and 15 years experience or a bachelors degree in engineering or physics and 20 years experience. Experience should include:

- a. Managing projects and programs related to the design, development, test, and evaluation, or implementation of complex systems related to acoustics, non-acoustics/electromagnetics, vibration, and ship silencing. Five(5) years of this experience should demonstrate experience in the management of level of effort contracts in technical disciplines related to Section C - Statement of Work.
- b. Familiarity with ship silencing programs for both surface ships and submarines, and familiarity with the inter relationships between and requirements of the Fleet, NAVSEA, Navy Laboratories, and other Navy activities dealing with ship silencing programs and issues.
- c. Familiarity with programs involved in solving acoustic, non-acoustic and vibration problems in current Navy ships and in improving the acoustic and non-acoustic performance of the next generation of Navy ships.

**(2) Supervisory Senior Engineer (Offsite)\***

The target educational background and level of experience for the Supervisory Senior Engineer(s) are:

A masters degree in engineering or physics and 15 years experience or a bachelors degree in engineering or physics and 20 years experience. Experience should include:

- a. Both surface ship and submarine silencing. Five (5) years of which demonstrate experience in supervision and project management of acoustic and vibration related ship silencing tasks.
- b. A comprehensive understanding of silencing issues (including non-acoustics/electromagnetics) as they relate to ship mission, design, and operation of ship systems, and how those issues influence modifications and silencing improvement to present ships, and design and specifications of future ships. Demonstrated lead authorship on technical reports.

**(3) Principal Investigative Scientist (Offsite)\***

The target educational background and level of experience for the Principal Investigative Scientist(s) are:

- a. A PhD in physics, mathematics, or engineering and 10 years experience or a masters degree in physics, mathematics, or engineering and 20 years experience. Experience should include:
- b. Advanced signal processing techniques, acoustics theory, and measurements of physical structures. Also required is demonstrated experience in the interfacing of hardware and the development of software for: (1) real time acquisition and analysis of acoustic data from ships and submarines; and underwater tracking systems or (2) for

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 44 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

command and control and information management systems. This includes a working knowledge of computer operating systems and appropriate software development environments. Individuals should have experience in project management of system development and integration plus demonstrated task completion of software module development in support of system development and integration for signature data measurement and analysis systems.

c. A demonstrated understanding of wave theory and how it relates to physical phenomena. Demonstrated knowledge of physics associated with acoustic scattering phenomena, acoustic resonance, wave theory, and wave propagation. Familiarity with boundary value problems and their solutions. Familiarity with finite element and finite boundary methods. Familiarity with physical structures and a demonstrated understanding of how theory relates to these.

**(4) Waterfront Operations Director (Onsite)\***

The target level of experience for the Waterfront Operations Director is:

a. Fifteen (15) years experience managing acoustic related projects and maritime assets. Project management experience should include a thorough practical knowledge of jobs planning, cost control, and the capabilities and utilization of waterfront industrial repair facilities. A comprehensive understanding of configuration management techniques.

b. Experience with ocean going platforms such as the M241 Barge and small craft under all weather conditions in inland water and ocean environments. Experience should include knowledge of all aspects of: platform and small craft operations and support systems; planning and operation of single and multiple platform surface navigation systems, merged with underwater tracking systems for submarines, vehicles, targets and acoustic arrays; surface and sub-surface communication systems; and the operation, maintenance, repair and inspection these systems, subsystems and components.

c. Experience in reading, interpreting and understanding blue prints, drawings, schematics and implementing program security directives, safety regulations and local area instructions. Experience also includes maintaining certifications of and operates physical security systems IAW DoD and SCI requirements.

d. Ten (10) years experience with weight handling equipment (cranes to 30-ton capacity and associated rigging gear in accordance with NAVFAC P-307). Experience should include: general crane safety; crane mechanical and electrical/electronic systems (operation, maintenance, repair and inspections; operator licensing and qualifications; directing load testing, conducting condition inspections and completing certifications; and the planning, supervising, and conducting of complex lifts and rigging operations.

e. Ten (10) years experience with the maintenance and operation of underwater remote operated vehicles (ROV's) similar to the Deep Ocean Engineering Phantom DHD2 and the Seabotics LVB-150 ROV. Experience should include: operating, maintaining, repairing, and conducting inspections; generating standard operating procedures; overall planning and coordination for platform and resources (personnel, materials and services) required for ROV mobilization, operation and de-mobilization.

**(5) Senior Engineer (Offsite)**

The Senior Engineer(s) shall have a masters degree in engineering or physics and 10 years experience or a bachelor's degree in engineering or physics and 20 years experience. Experience shall include both submarine and surface ship acoustics. The experience shall also include a thorough understanding of acoustic measurement systems, in-water measurement arrays, the interfacing of hardware and the development of software. Individuals shall have experience in project management of system development and integration plus demonstrated task completion of software module development in support of system development and integration.

**(6) Engineer (Offsite and Onsite)**

The Engineer(s) shall have a bachelors degree in engineering or physics and 5 years experience.

**(7) Junior Engineer (Offsite)**

The Junior Engineer(s) shall have a bachelor's degree in engineering or physics.

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 45 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

**(8) Senior Software Engineer (Offsite)**

The Senior Software Engineer(s) shall have a bachelors degree in engineering, physics, or computer science and 10 years experience in developing complex hardware/software systems. Five (5) years of which shall demonstrate experience in the interfacing of hardware and the development of software for: (1) real time acquisition and analysis of acoustic data from ships and submarines; and underwater tracking systems or (2) for command and control and information management systems.

**(9) Software Engineer (Offsite)**

The Software Engineer(s) shall have a bachelor's degree in engineering, physics, or computer science and demonstrated experience in the interfacing of hardware and the development of software.

**(10) Investigative Scientist (Offsite)**

The Investigative Scientist shall have a master's degree in physics, mathematics, or engineering and 3 years experience in advanced signal processing techniques and acoustics theory.

**(11) Acoustic Analyst (Offsite)**

The Acoustic Analyst shall have 10 years experience in analysis of acoustic data from submarines and surface ships in one or more of the following disciplines: radiated noise, platform noise, sonar self noise, structureborne noise, and machinery vibration condition analysis.

**(12) Senior Management Analyst (Offsite)**

The Senior Management Analyst shall have 15 years experience in the development and implementation of program and project management and organizational management tracking and control systems; including the development of system requirements, implementation of system procedures, and development of documentation to demonstrate system performance. This individual shall also have experience in:

- a. Development and implementation of instructions and procedures for monitoring personnel management systems including; job descriptions, position classification, and performance assessment.
- b. Supporting program managers to prepare, organize, collect, evaluate, review, and/or revise program documentation including, but not limited to, issue papers, program plans, implementation plans, milestone charts, work breakdown structure, impact statements, funding profiles, procurement requirements, planning/ control data, and schedules, cost and analysis studies, resource management including staffing.
- c. Short and long term program assessment, resource and personal management and leveling including staffing, cost cycles and analysis, develop and maintain program metrics, develop and implement program process improvements, and provide program management training and documentation.

**(13) Management Analyst (Offsite and Onsite)**

The Management Analyst(s) shall have 5 years experience in the development and implementation of program and project management and organizational management tracking and control systems; including the development of system requirements, implementation of system procedures, and development of documentation to demonstrate system performance.

**(14) Logistics Coordinator (Offsite and Onsite)**

The Logistics Coordinator(s) shall have 10 years experience in organizing and supporting remote technical operations with transportation, shipping, receiving, and handling of materials.

**(15) Environmental Planner (Offsite)**

The Environmental Planner shall have 10 years of experience and a bachelor's degree in environmental planning, a related science, or an engineering field. Experience shall include categorical exclusions, environmental assessments, and environmental impact statements.

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 46 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

**(16) Electronics Technician (Offsite and Onsite)**

The Electronics Technician(s) shall have 5 years experience as an electronics technician. Five (5) years of which demonstrate experience in the maintenance and assembly of electronic equipment and instruction, including transducers, low noise instrumentation amplifiers, spectrum analyzers, multi-channel analog tape recorders, and portable and desk-top computers. This individual shall also have experience in:

- a. Reading, interpreting and understanding blue prints, drawings, schematics and implementing program security directives, safety regulations and local area instructions.
- b. Maintaining certifications of and operates physical security systems IAW DoD and SCI requirements.

**(17) Mechanical Specialist (Onsite)**

The Mechanical Specialist(s) shall have 5 years experience in the operation, maintenance, and troubleshooting of equipment and machinery operating in a marine environment. This individual shall also have experience in:

- a. Managing maritime assets, to include small support boats and barges that contain power, fuel, water, marine sanitation, and ballast systems. The individual shall have experience in all aspects of operation and equipment maintenance.
- b. Operating and maintaining small craft and remote operated sub sea vehicles operation under all weather conditions in inland and ocean environments.
- c. Planning, supervising and conducting heavy rigging operations. Shall be able to obtain required qualifications, certifications and licensing (e.g. crane operator, forklift, etc.)
- d. Reading, interpreting and understanding blue prints, drawings, schematics and implementing program security directives, safety regulations and local area instructions. Maintains certifications of and operates physical security systems IAW DoD and SCI requirements.

**(18) Draftsman (Offsite)**

The Drafter shall have 5 years experience as a technical drafter.

**(19) Technical Illustrator (Offsite)**

The Technical Illustrator shall have a bachelor's or associate degree in graphic arts or related field, and 3 years experience as a technical illustrator or graphic artist.

**(20) Technical Editor/Typist (Offsite and Onsite)**

The Technical Editor/Typist(s) shall have 5 years experience with technical documentation preparation and 2 years of experience in technical report editing. Perform duties of a Media Transfer Agent for transfer of classified data to removable media.

**(21) Clerk Typist/Word Processor Operator (Offsite)**

The Clerk Typist(s)/Word Processor Operator(s) shall have 6 months experience in typing and word processor operation or the successful completion of a training class in typing and word processing. Perform duties of a Media Transfer Agent for transfer of classified data to removable media.

**(22) Information Systems Librarian (Onsite)**

The Information Systems Librarian shall have 5 years experience working with information technology support and data entry. Experience shall include the management of an extensive library of magnetic media (tapes, computer disks), microfiche and hard copies of technical documentation. This individual shall also have experience in:

- a. The control of material transmitted to and received from other activities including, but not limited to: messages, technical reports, general correspondence, all magnetic media, technical data, and reference material.

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 47 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

- b. A comprehensive knowledge of the Defense Messaging System.
- c. Perform duties of a Media Transfer Agent for transfer of classified data to removable media.

**(23) Diver (Onsite)**

The diver shall have five (5) years experience in diving and underwater equipment test and evaluation. This experience shall include:

- a. Maintenance and certification of diving equipment including suits, compressors and associated auxiliary systems and tools IAW all applicable directives.
- b. The diver shall have experience supervising the dive operations and the safety of all personnel. The diver shall maintain and operate diver and other underwater systems and tools IAW OSHA requirements and other applicable directives.
- c. The diver shall have professional knowledge of the principles, practices and techniques of salvage diving and ship's husbandry, including the use of specialized underwater tools and systems used to perform hull and equipment maintenance.

**7.0 REQUIRED REPORTS**

The contractor shall report contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract for Naval Surface Warfare Center, Carderock Division via a secure data collection site. Contracted services excluded from reporting are based on Product Service Codes (PSCs). The excluded PSCs are:

- (1) W, Lease/Rental of Equipment;
- (2) W, Lease/Rental of Facilities;
- (3) Y, Construction of Structures and Facilities;
- (4) S, Utilities ONLY;
- (5) V, Freight and Shipping ONLY.

The contractor is required to completely fill in all required data fields using the following web address <https://doncmra.nmci.navy.mil>.

Reporting inputs will be for the labor executed during the period of performance during each Government fiscal year (FY), which runs October 01 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 31 of each calendar year. Contractors may direct questions to the help desk, linked at <https://doncmra.nmci.navy.mil>.

## SECTION F DELIVERABLES OR PERFORMANCE

The periods of performance for the following Items are as follows:

4000	12/21/2010 - 6/20/2015
4001	12/21/2010 - 6/20/2015
4002	12/21/2010 - 6/20/2015
4100	12/20/2012 - 6/20/2015
4200	12/20/2013 - 6/20/2015
6000	12/21/2010 - 6/20/2015
6001	12/21/2010 - 6/20/2015
6100	12/20/2012 - 6/20/2015
6200	12/20/2013 - 6/20/2015
7000	6/5/2015 - 3/20/2016
9000	6/5/2015 - 3/20/2016

### CLIN - DELIVERIES OR PERFORMANCE

52.211-8 TIME OF DELIVERY (JUN 1997)

(a) The Government requires delivery to be made according to the following schedule:

<u>ITEM NO.</u>	<u>QUANTITY</u>	<u>WITHIN DAYS AFTER DATE OF TASK ORDER</u>
4000&6000	ALL	Through 06/20/2015
4100&6100	ALL	Through 06/20/2015
4200&6200	ALL	Through 06/20/2015
7000&9000	ALL	Through 12/20/2015

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 51 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

## SECTION G CONTRACT ADMINISTRATION DATA

5252.245-9108 GOVERNMENT-FURNISHED PROPERTY (PERFORMANCE)(SEP 1990)

The Government will provide only that property set forth below, notwithstanding any term or condition of this contract to the contrary. Upon Contractor's written request to the cognizant Technical Program Manager, via the cognizant Contract Administration Office, the Government will furnish the following for use in the performance of this contract.

See Attachment Government-Furnished Property (GFP)

G17S TOM APPOINTMENT (AUG 2005)

(a) Task Order Ordering Officer hereby appoints the following individual as the Contracting Officer's Representative (COR) for this task order:

Contracting Officer's Representative

[REDACTED]

7131 Sea Lion Road  
Silverdale, WA 98315-7131

[REDACTED]

[REDACTED]

Ddl-G-21 TYPES OF ORDERS UNDER INDEFINITE DELIVERY TYPE CONTRACTS

This Task Order shall be issued on a Cost-Plus-Fixed-Fee (Term) basis.

HQ G-2-0007 INVOICE INSTRUCTIONS (NAVSEA) (JAN 2008)

(a) In accordance with the clause of this contract entitled "ELECTRONIC SUBMISSION OF PAYMENT REQUESTS" (DFARS 252.232-7003), the Naval Surface Warfare Center, Carderock Division (NSWCCD) will utilize the DoD Wide Area Workflow Receipt and Acceptance (WAWF) system to accept supplies/services delivered under this contract. This web-based system located at <https://wawf.eb.mil> provides the technology for government contractors and authorized Department of Defense (DoD) personnel to generate, capture and process receipt and payment-related documentation in a paperless environment. Invoices for supplies/services rendered under this contract shall be submitted electronically through WAWF. Submission of hard copy DD250/invoices may no longer be accepted for payment.

(b) It is recommended that the person in your company designated as the Central Contractor Registration (CCR) Electronic Business (EB) Point of Contact and anyone responsible for the submission of invoices, use the online training system for WAWF at <http://wawftraining.com>. The Vendor, Group Administrator (GAM), and sections marked with an asterisk in the training system should be reviewed. Vendor Quick Reference Guides also are available at <http://acquisition.navy.mil/navyaos/content/view/full/3521/>. The most useful guides are "Getting Started for Vendors" and "WAWF Vendor Guide".

(c) The designated CCR EB point of contact is responsible for activating the company's CAGE code on WAWF by calling 1-866-618-5988. Once the company is activated, the CCR EB point of contact will self-register under the company's CAGE code on WAWF and follow the instructions for a group administrator. After the company is set-up on WAWF, any additional persons responsible for submitting invoices must self-register under the company's CAGE code at <https://wawf.eb.mil>.

(d) The contractor shall use the following document types, DODAAC codes and inspection and

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 52 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

acceptance locations when submitting invoices in WAWF:

Type of Document (*contracting officer check all that apply*)

<input type="checkbox"/>	Invoice (FFP Supply & Service)
<input type="checkbox"/>	Invoice and Receiving Report Combo (FFP Supply)
<input type="checkbox"/>	Invoice as 2-in-1 (FFP Service Only)
<input checked="" type="checkbox"/>	Cost Voucher (Cost Reimbursable, T&M , LH, or FPI)
<input type="checkbox"/>	Receiving Report (FFP, DD250 Only)

DODAAC Codes and Inspection and Acceptance Locations (*contracting officer complete appropriate information as applicable*)

Issue DODAAC	N00167
Admin DODAAC	S2404A
Pay Office DODAAC	HQ0338
Service Approver DODAAC	N00167
Ship To DODAAC	N00167
DCAA Auditor DODAAC	HAA031

Attachments created in any Microsoft Office product may be attached to the WAWF invoice, e.g., backup documentation, timesheets, etc. Maximum limit for size of each file is 2 megabytes. Maximum limit for size of files per invoice is 5 megabytes.

(e) Before closing out of an invoice session in WAWF, but after submitting the document(s), you will be prompted to send additional email notifications. Click on "Send More Email Notification" and add the acceptor/receiver email addresses noted below in the first email address block, and add any other additional email addresses desired in the following blocks. This additional notification to the government is important to ensure that the acceptor/receiver is aware that the invoice documents have been submitted into WAWF.

Send Additional Email Notification To:
<div style="background-color: black; height: 15px; width: 100%;"></div>

(f) The contractor shall submit invoices/cost vouchers for payment per contract terms and the government shall process invoices/cost vouchers for payment per contract terms. Contractors approved by DCAA for direct billing will submit cost vouchers directly to DFAS via WAWF. Final voucher submission will be approved by the ACO.

(g) The WAWF system has not yet been implemented on some Navy programs; therefore, upon written concurrence from the cognizant Procuring Contracting Officer, the Contractor is authorized to use DFAS WinS for electronic end to end invoicing until the functionality of WinS has been incorporated into WAWF.

(h) If you have any questions regarding WAWF, please contact the WAWF helpdesk at the above 1-866 number or the NSWCCD WAWF point of contact Kay Wade at (301) 227-5419 or karen.wade@navy.mil.

(End of Clause)

252.204-0005 Line Item Specific: by Cancellation Date. (SEP 2009)

The payment office shall make payment using the ACRN with the earliest cancellation date first, exhausting all funds in that ACRN before disbursing funds from the next. In the event there is

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 53 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

more than one ACRN associated with the same cancellation date, the payment amount shall be disbursed from each ACRN with the same cancellation date in the same proportion as the amount of funding obligated for each ACRN with the same cancellation date.

SEA 5252.216-9122 LEVEL OF EFFORT (DEC 2000)

(a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance of the work described in Sections B and C of this contract. The total level of effort for the performance of this contract shall be [REDACTED] man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

(b) Of the total man-hours of direct labor set forth above, it is estimated [REDACTED] e identified at the task order level) man-hours are uncompensated effort.

Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (j) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) The level of effort for this contract shall be expended at an average rate of [REDACTED] hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 54 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

during the period of this contract, the Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows:

Fee Reduction = Fee((Required LOE minus Expended LOE)divided by Required LOE))

or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable, require the Contractor to continue to perform the work until the total number of man hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

(h) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) Notwithstanding any of the provisions in the above paragraphs, the Contractor may furnish man hours up to five percent in excess of the total man hours specified in paragraph (a) above, provided that the additional effort is furnished within the term hereof, and provided further that no increase in the estimated cost or fee is required.

(End of Clause)

SEA 5252.232-9104 ALLOTMENT OF FUNDS (MAY 1993)

(a) This contract is incrementally funded with respect to both cost and fee. The amount(s) presently available and allotted to this contract for payment of fee for incrementally funded contract line item number/contract subline item number (CLIN/SLIN), subject to the clause entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE" (FAR 52.216-10), as appropriate, is specified below. The amount(s) presently available and allotted to this contract for payment of cost for incrementally funded CLINs/SLINs is set forth below. As provided in the clause of this contract entitled "LIMITATION OF FUNDS" (FAR 52.232-22), the CLINs/SLINs covered thereby, and the period of performance for which it is estimated the allotted amount(s) will cover are as follows:

ITEM(S)	ALLOTTED TO COST	ALLOTTED TO FEE	ESTIMATED PERIOD OF PERFORMANCE
4000			through 20 June 2015
4001			through 20 June 2015

4001		through 20 June 2015
4100		through 20 June 2015
4200		through 20 June 2015
6000		through 20 June 2015
6001		through 20 June 2015
6100		through 20 June 2015
6200		through 20 June 2015
7000		through 20 March 2016
9000		through 20 March 2016

(b) The parties contemplate that the Government will allot additional amounts to this contract from time to time for the incrementally funded CLINs/SLINs by unilateral contract modification, and any such modification shall state separately the amount(s) allotted for cost, the amount(s) allotted for fee, the CLINs/SLINs covered thereby, and the period of performance which the amount(s) are expected to cover.

(c) CLINs/SLINs are fully funded and performance under these CLINs/SLINs is subject to the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable.

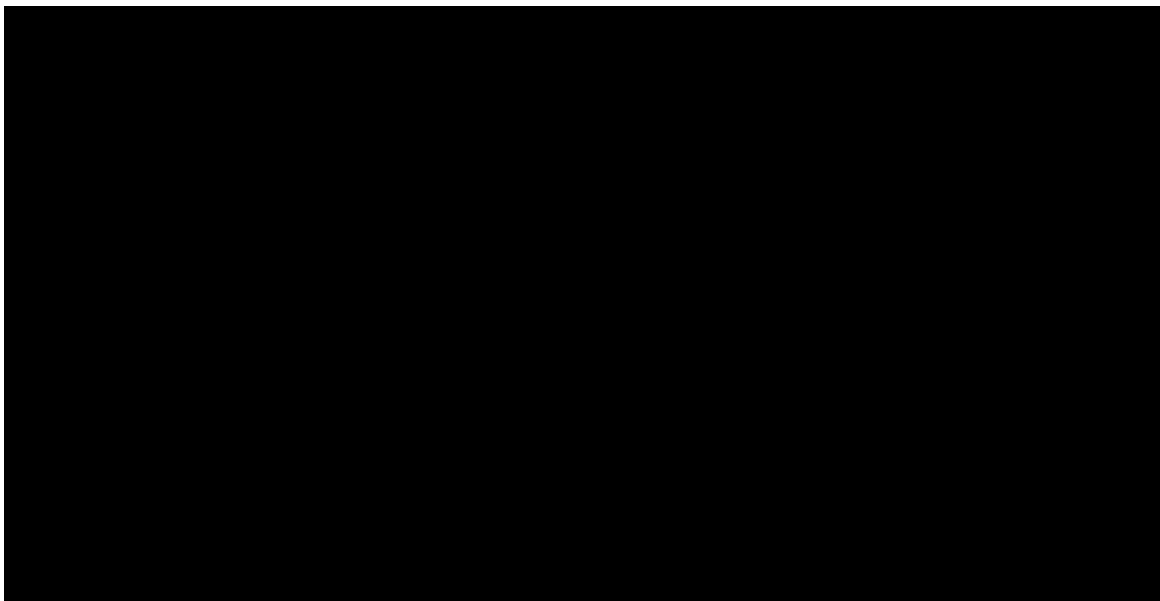

(d) The Contractor shall segregate costs for the performance of incrementally funded CLINs/SLINs from the cost of performance of fully funded CLINs/SLINs.

FUNDING PROFILE

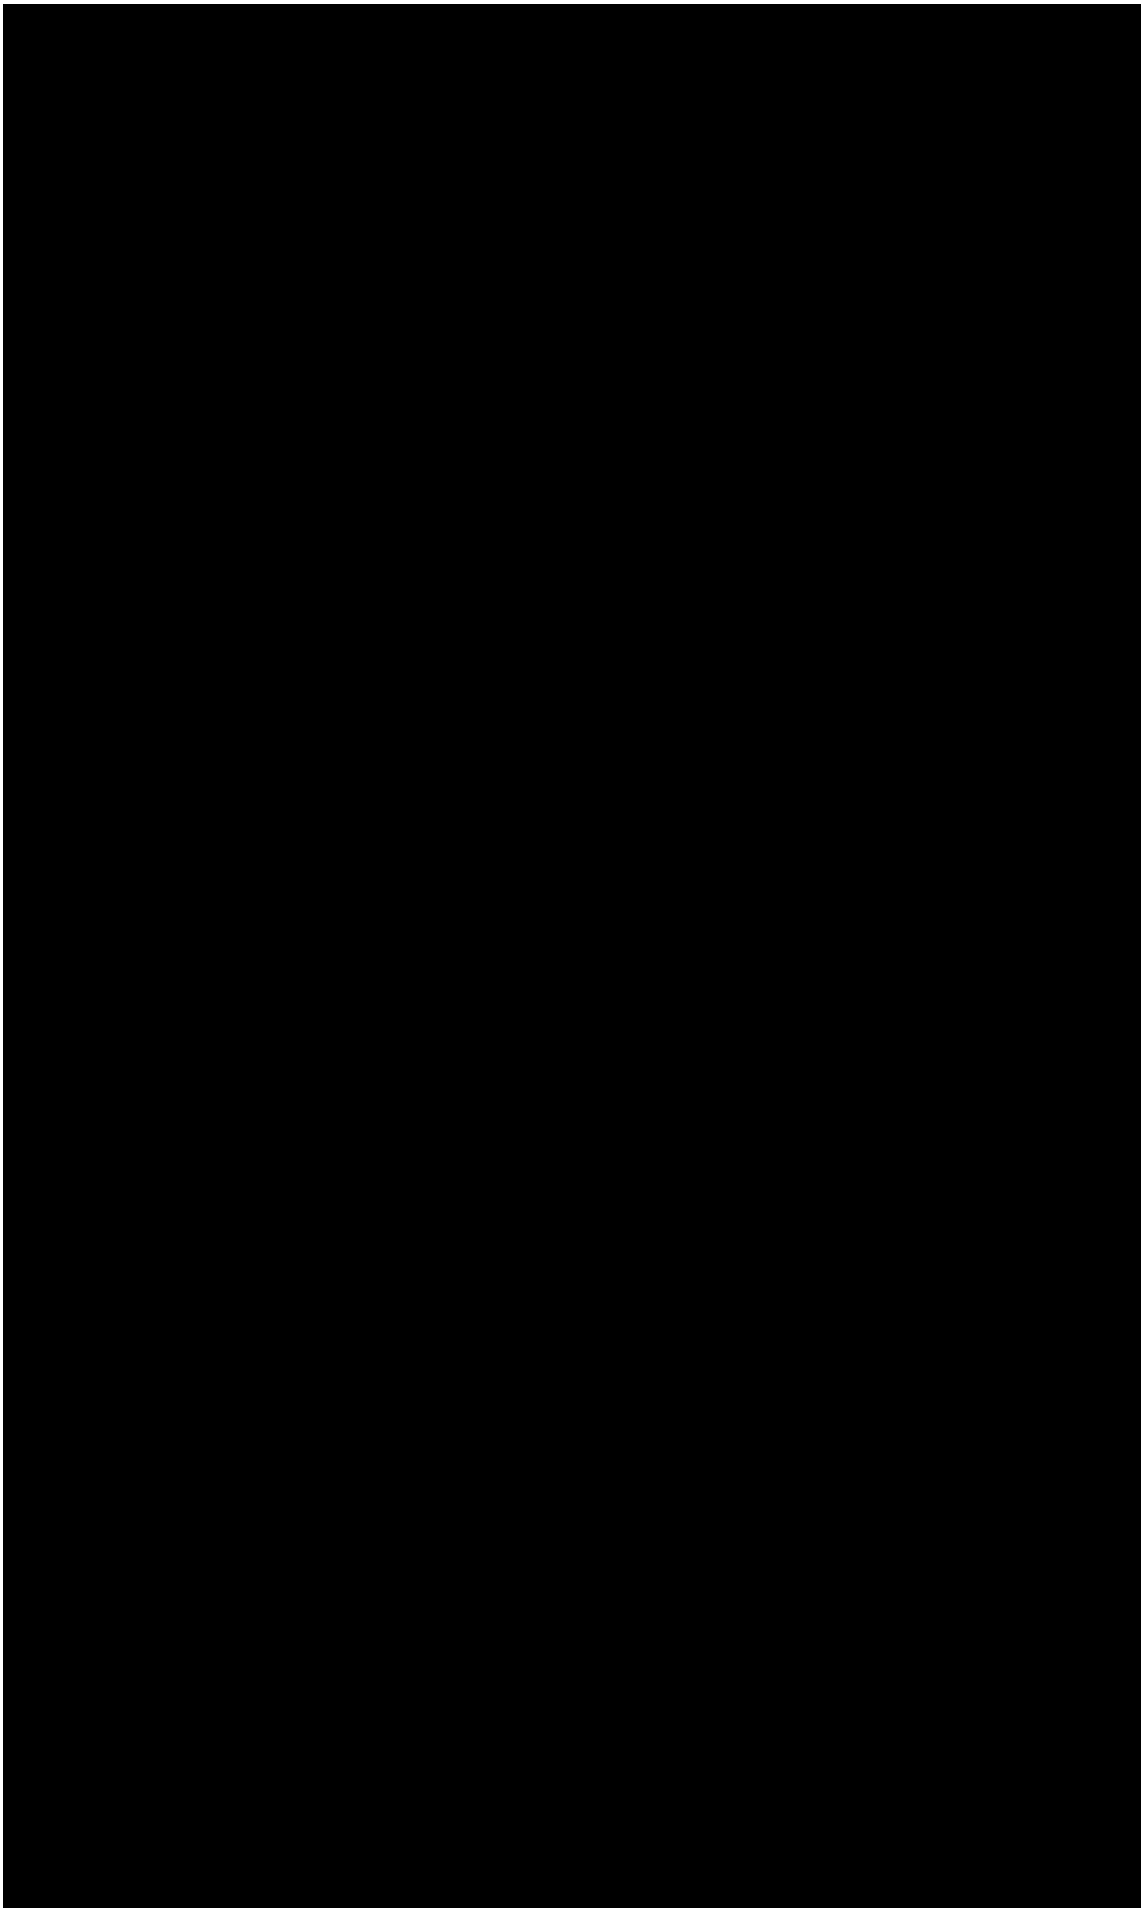

The following details funding to date:

Task Order	Funds This	Previous	Funds	Balance

## SECTION H SPECIAL CONTRACT REQUIREMENTS

5252.245-9108 GOVERNMENT-FURNISHED PROPERTY (PERFORMANCE)(SEP 1990)

The Government will provide only that property set forth below, notwithstanding any term or condition of this contract to the contrary. Upon Contractor's written request to the cognizant Technical Program Manager, via the cognizant Contract Administration Office, the Government will furnish the following for use in the performance of this contract.

See Attachment GOVERNMENT-FURNISHED PROPERTY (GFP)

CAR-H09 Performance-Based Acquisition Evaluation Procedures for a SeaPort e Task Order (MAR 2006) (NSWCCD)

(a) Introduction: The contractor's performance on this task order will be evaluated by the Government, in accordance with this task order clause. The first evaluation will cover the period ending twelve months after the date of task order award with successive evaluations being performed for each twelve-month period thereafter until the contractor completes performance under the task order. Based on the evaluation results, the PCO will assign an overall performance rating in accordance with paragraph (b) of this clause. The purpose of the evaluation is to determine remedies that may be invoked due to "Unsatisfactory" performance. If the PCO assigns an "Unsatisfactory" performance rating for the period evaluated, the PCO may take unilateral action, in accordance with clause 52.246-5 entitled "Inspection of Services-Cost Reimbursement", dated Apr 1984, in Section E of the base contract, to provide for a fee reduction covering the performance period evaluated. This clause provides the basis for evaluation of the contractor's performance and for determining if the fee amount should be reduced due to "Unsatisfactory" performance.

(b) Performance Ratings: The Government will evaluate the contractor's performance of the Statement of Work under the task order for each twelve month period of performance, using the measurable performance standards set forth in the Performance Requirements Summary Table in the SOW, or elsewhere in the task order, and the PCO will assign one of the following ratings:

- (1) Excellent
- (2) Very Good
- (3) Satisfactory
- (4) Unsatisfactory

The standards associated with these ratings are given in the following Table 1.

Table 1: Overall Performance Ratings

For The Evaluation Period

Overall Performance Rating	Standard
Excellent	"Excellent" ratings for all performance evaluation criteria.
Very Good	A combination of "Excellent" and "Satisfactory" ratings determined by the PCO to exceed Satisfactory" overall.
Satisfactory	A minimum of "Satisfactory" ratings for all performance evaluation criteria.

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 99 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

Unsatisfactory A rating of “Unsatisfactory” for one or more performance evaluation criteria.

(c) Evaluation Objective: The purpose of the evaluation and the inclusion of a remedy to the Government for unsatisfactory contractor performance under this task order is to ensure that the Government receives at least “Satisfactory” overall performance.

(d) Performance Evaluation Criteria: The contractor’s performance will be evaluated on an annual basis using the criteria and standards provided for each task objective in the Performance Requirements Summary Table, and considering the criterion in Tables 2 through 4 of this task order clause.

(e) Organization: The performance evaluation organization consists of the Procuring Contracting Officer (PCO), who will serve as the Evaluation Official, and the Task Order Manager (ToM).

(1) ToM: The ToM will provide ongoing performance monitoring, evaluate task performance based on the task order Performance Requirements Summary, prepare the evaluation report, including a recommended overall performance rating, and submit the report to the PCO for final decision within thirty days after the end of the evaluation period. The ToM will maintain the written records of the contractor’s performance so that a fair and accurate evaluation is made.

(2) Procuring Contracting Officer (PCO): The PCO is responsible for properly administering the performance evaluation process, maintaining the official performance evaluation file, and making the decision about the overall performance rating and whether to reduce the fee if performance is rated as unsatisfactory.

(f) Evaluation Schedule: Each performance evaluation will cover the previous twelve months of performance. The Government will evaluate all work under the task order performed by the contractor during the twelve-month period. Following each evaluation period, the PCO (or Contract Specialist if so designated by the PCO) and the ToM will hold a meeting with the contractor’s Senior Technical Representative to review performance under the task order during the previous twelve months, including overall trends, specific problem areas, if any, and their resolution. Other Government and contractor personnel may also participate as deemed appropriate.

(g) Contractor’s Self-Evaluation: The contractor may also submit a Self-Evaluation Report for consideration. The report must include an overall performance rating for the task order, covering the evaluation period, and may include whatever information the contractor deems relevant to support that rating. The report shall not exceed two (2) pages in length.

(h) Performance Evaluation: The PCO will make the decision on the overall performance rating for the work performed under the task order within thirty days after receipt of the evaluation report from the ToM. The decision will be based upon the ToM’s recommendations, the contractor’s comments, including any Self-Evaluation Report, and any other information deemed relevant by the PCO. The PCO shall resolve disagreements between the ToM’s recommendations and the contractor’s comments/report regarding the evaluation. The PCO will provide a copy of the evaluation report, including the overall rating, to the contractor within five working days after completion of the evaluation.

(i) Contractor’s Review of the Evaluation Report: Contractors shall be given a minimum of 15 calendar days to submit comments, rebut statements, or provide additional information. The PCO shall consider the contractor’s submission and respond as appropriate. Although the PCO will consider the contractor’s comments, rebuttals, or additional information, the PCO may, or may not, change the overall rating. The decision to change the rating based on contractor input at this stage is solely at the discretion of the PCO.

(j) This performance evaluation does not replace any other requirement for evaluating contractor performance that may be required by the base contract, such as a Contractor Performance Assessment Reporting System (CPARS) report, or a Task Order Performance Evaluation (TOPE).

TABLE 2: TASK PERFORMANCE EVALUATION CRITERIA AND STANDARDS

Criterion	UNSATISFACTORY	SATISFACTORY	EXCELLENT
Task	Work product fails to meet	Work product routinely	Work product frequently
Performance	Acceptable Quality Levels	meets Acceptable Quality	exceeds Acceptable

	agreed to estimated cost, i.e. cost overruns frequently occur.	agreed to estimated cost. Contractor provides measures for controlling all costs at estimated costs. Funds and resources are generally used in a cost-effective manner. No major resource management problems are apparent.	costs are noteworthy. Contractor provides detailed cost analysis and recommendations to Government for resolution of problems identified. Funds and resources are optimally used to provide the maximum benefit for the funds and resources available. Documented savings are apparent.
Cost Reporting	Reports are generally late, inaccurate incomplete or unclear.	Reports are timely, accurate, complete and clearly written. Problems and/or trends are addressed, and an analysis is also submitted.	Reports are clear, accurate, and pro-active. Problems and/or trends are addressed thoroughly, and the contractor's recommendations and/or corrective plans are implemented and effective.

See Attachment - Performance Requirement Summary Table

#### CAR H11 – CONTRACTOR PERSONNEL SECURITY REQUIREMENTS (JAN 2010)

a. In accordance with SECNAV M-5510.30 Chapters 5 and 6, all Contractor personnel that require access to Department of Navy (DON) information systems and/or work on-site are designated Non-Critical Sensitive/IT-II positions, which require an open investigation or favorable adjudicated National Agency Check (NACLIC) by the Industrial Security Clearance Office (DISCO). Investigations should be completed using the SF- 85 Form and the SF-87 finger print card. An interim clearance can be granted by the company Security Officer and recorded in the Joint Personnel Adjudication System (JPAS). An open investigation or favorable adjudication is required prior to issuance of a Common Access Card (CAC) card or a badge providing access to NSWCCD sites and buildings. If an unfavorable adjudication is determined by DISCO all access will be terminated.

b. Within 30 days after contract award, the Contractor shall submit a list of all Contractor personnel, including subcontractor employees, who will have access to DON information systems and/or work on-site at one of the NSWCCD sites. The Contractor shall e-mail [acquisition.nswccd.fct@navy.mil](mailto:acquisition.nswccd.fct@navy.mil) to obtain the excel file that outlines the required format and content of the list. The Contractor will provide each employee's first name, last name, contract number, the NSWCCD technical code, work location, whether or not the employee has a CAC card and/or swipe card, the systems the employee can access (i.e., NMCI, RDT&E), and the name of the Contractor's local point of contact, phone number and email address. The excel file shall be submitted via email to [acquisition.nswccd.fct@navy.mil](mailto:acquisition.nswccd.fct@navy.mil) and the Contracting Officer's Representative (COR) or Task Order Manager (TOM). Throughout the period of performance of the contract, the Contractor shall immediately provide an updated spreadsheet to [acquisition.nswccd.fct@navy.mil](mailto:acquisition.nswccd.fct@navy.mil) and the COR/TOM when any Contractor personnel changes occur.

In addition to the minimum insurance requirements stated in clause H.15 of the base Seaport contract, the successful offeror shall be required to maintain the following:  
\$100,000 in property damage general liability insurance and, for automobile insurance, an additional \$80,000 per accident for property damage.

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 102 of 109	FINAL

## SECTION I CONTRACT CLAUSES

### 52.217-9 -- Option to Extend the Term of the Contract (Mar 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor anytime prior to the expiration date of the task order; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 4 years.

(End of Clause)

### 52.222-41 Service Contract Act of 1965, As Amended

### 52.222-42 STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 1989)

In compliance with the Service Contract Act of 1965, as amended, and the regulations of the Secretary of Labor (29 CFR Part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C. 5341 or 5332.

THIS STATEMENT IS FOR INFORMATION ONLY: IT IS NOT A WAGE DETERMINATION

<u>Employee Class</u> <u>Labor Category</u>	<u>Monetary Wage-Fringe Benefits</u>	<u>Task Order</u>
01052 - Data Entry Operator II Information Systems Librarian	\$18.88	
01611 - Word Processor I Typist/Word Processor	\$19.39	Clerk
13043 - Illustrator III \$33.72	Technical Illustrator	
23182 - Electronics Technician Maintenance II Electronics Technician	\$31.64	
30062 - Drafter/CAD Operator II Draftsman	\$27.51	
30461 - Technical Writer I Technical Typist/Editor	\$30.25	
47040 - Diver - Stand By Diver \$54.26	Diver	

(End of Clause)

### 52.251-1 GOVERNMENT SUPPLY SOURCES (AUG 2010)

### 252.222-7999 Additional Requirements and Responsibilities Restricting the Use of Mandatory Arbitration Agreements (DEVIATION)

Use the following clause in all contracts in excess of \$1 million utilizing funds appropriated by the Fiscal Year 2010 Defense Appropriations Act (Pub. L. 111-118), except in contracts for the acquisition of commercial items and commercially available off-the-shelf items.

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 103 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	--------------------	-------

ADDITIONAL REQUIREMENTS AND RESPONSIBILITIES RESTRICTING THE USE OF  
MANDATORY ARBITRATION AGREEMENTS (DEVIATION) (FEB 2010)

(a) *Definitions.*

“Covered subcontract,” as used in this clause, means any subcontract, except a subcontract for the acquisition of commercial items or commercially available off-the-shelf items, that is in excess of \$1 million and uses Fiscal Year 2010 funds.

(b) The Contractor-

(1) Agrees not to-

(i) Enter into any agreement with any of its employees or independent contractors that requires, as a condition of employment, that the employee or independent contractor agree to resolve through arbitration any claim under title VII of the Civil Rights Act of 1964 or any tort related to or arising *out* of sexual assault or harassment, including assault and battery, intentional infliction of emotional distress, false imprisonment, or negligent hiring, supervision, or retention; or

(ii) Take any action to enforce any provision of an existing agreement with an employee or independent contractor that mandates that the employee or independent contractor resolve through arbitration any claim under title VII of the Civil Rights Act of 1964 or any tort related to or arising out of sexual assault or harassment, including assault and battery, intentional infliction of emotional distress, false imprisonment, or negligent hiring, supervision, or retention; and

(2) Certifies, by signature of the contract, for contracts awarded after June 17, 2010, that it requires each covered subcontractor to agree not to enter into, and not to take any action to enforce any provision of any agreements, as described in paragraph (b)(1) of this clause, with respect to any employee or independent contractor performing work related to such subcontract.

(c) The prohibitions of this clause do not apply with respect to a Contractor's or subcontractor's agreements with employees or independent contractors that may not be enforced in a court of the United States.

(d) The Secretary of Defense may waive the applicability of the restrictions of paragraph (b) to the Contractor or a particular subcontractor for the purposes of the contract or a particular subcontract if the Secretary or the Deputy Secretary personally determines that the waiver is necessary to avoid harm to national security interests of the United States, and that the term of the contract or subcontract is not longer than necessary to avoid such harm. This determination will be made public not less than 15 business days before the contract or subcontract addressed in the determination may be awarded.

(End of Clause)

252.239-7000 PROTECTION AGAINST COMPROMISING EMANATIONS (JUN 2004)

(a) The Contractor shall provide or use only information technology, as specified by the Government, that has been accredited to meet the appropriate information assurance requirements of—

(1) The National Security Agency National TEMPEST Standards (NACSEM No. 5100 or NACSEM No. 5100A, Compromising Emanations Laboratory Test Standard, Electromagnetics (U)); or

(2) Other standards specified by this contract, including the date through which the required accreditation is current or valid for the contract.

(b) Upon request of the Contracting Officer, the Contractor shall provide documentation supporting the accreditation.

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 104 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	--------------------	-------

(c) The Government may, as part of its inspection and acceptance, conduct additional tests to ensure that information technology delivered under this contract satisfies the information assurance standards specified. The Government may conduct additional tests—

(1) At the installation site or contractor's facility; and

(2) Notwithstanding the existence of valid accreditations of information technology prior to the award of this contract.

(d) Unless otherwise provided in this contract under the Warranty of Supplies or Warranty of Systems and Equipment clause, the Contractor shall correct or replace accepted information technology found to be deficient within 1 year after proper installations.

(1) The correction or replacement shall be at no cost to the Government.

(2) Should a modification to the delivered information technology be made by the Contractor, the 1-year period applies to the modification upon its proper installation.

(3) This paragraph (d) applies regardless of f.o.b. point or the point of acceptance of the deficient information technology.

(End of clause)

#### 252.239-7001 Information Assurance Contractor Training and Certification. (JAN 2008)

(a) The Contractor shall ensure that personnel accessing information systems have the proper and current information assurance certification to perform information assurance functions in accordance with DoD 8570.01-M, Information Assurance Workforce Improvement Program. The Contractor shall meet the applicable information assurance certification requirements, including—

(1) DoD-approved information assurance workforce certifications appropriate for each category and level as listed in the current version of DoD 8570.01-M; and

(2) Appropriate operating system certification for information assurance technical positions as required by DoD 8570.01-M.

(b) Upon request by the Government, the Contractor shall provide documentation supporting the information assurance certification status of personnel performing information assurance functions.

(c) Contractor personnel who do not have proper and current certifications shall be denied access to DoD information systems for the purpose of performing information assurance functions.

(End of clause)

#### 252.251-7000 ORDERING FROM GOVERNMENT SUPPLY SOURCES (NOV 2004)

(a) When placing orders under Federal Supply Schedules, Personal Property Rehabilitation Price Schedules, or Enterprise Software Agreements, the Contractor shall follow the terms of the applicable schedule or agreement and authorization. Include in each order:

(1) A copy of the authorization (unless a copy was previously furnished to the Federal Supply Schedule, Personal Property Rehabilitation Price Schedule, or Enterprise Software Agreement contractor).

(2) The following statement:

Any price reductions negotiated as part of an Enterprise Software Agreement issued under a Federal Supply Schedule contract shall control. In the event of any other inconsistencies between an Enterprise Software

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 105 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	--------------------	-------

Agreement, established as a Federal Supply Schedule blanket purchase agreement, and the Federal Supply Schedule contract, the latter shall govern.

(3) The completed address(es) to which the Contractor's mail, freight, and billing documents are to be directed.

(b) When placing orders under nonmandatory schedule contracts and requirements contracts, issued by the General Services Administration (GSA) Office of Information Resources Management, for automated data processing equipment, software and maintenance, communications equipment and supplies, and teleprocessing services, the Contractor shall follow the terms of the applicable contract and the procedures in paragraph (a) of this clause.

(c) When placing orders for Government stock, the Contractor shall—

(1) Comply with the requirements of the Contracting Officer's authorization, using FEDSTRIP or MILSTRIP procedures, as appropriate;

(2) Use only the GSA Form 1948-A, Retail Services Shopping Plate, when ordering from GSA Self-Service Stores;

(3) Order only those items required in the performance of Government contracts; and

(4) Pay invoices from Government supply sources promptly. For purchases made from DoD supply sources, this means within 30 days of the date of a proper invoice. The Contractor shall annotate each invoice with the date of receipt. For purposes of computing interest for late Contractor payments, the Government's invoice is deemed to be a demand for payment in accordance with the Interest clause of this contract. The Contractor's failure to pay may also result in the DoD supply source refusing to honor the requisition (see DFARS 251.102(f)) or in the Contracting Officer terminating the Contractor's authorization to use DoD supply sources. In the event the Contracting Officer decides to terminate the authorization due to the Contractor's failure to pay in a timely manner, the Contracting Officer shall provide the Contractor with prompt written notice of the intent to terminate the authorization and the basis for such action. The Contractor shall have 10 days after receipt of the Government's notice in which to provide additional information as to why the authorization should not be terminated. The termination shall not provide the Contractor with an excusable delay for failure to perform or complete the contract in accordance with the terms of the contract, and the Contractor shall be solely responsible for any increased costs.

(d) Only the Contractor may request authorization for subcontractor use of Government supply sources. The Contracting Officer will not grant authorizations for subcontractor use without approval of the Contractor.

(e) Government invoices shall be submitted to the Contractor's billing address, and Contractor payments shall be sent to the Government remittance address specified below:

Contractor's Billing Address:

ManTech Systems Engineering Corp  
12015 Lee Jackson Highway  
Fairfax, VA 22033  
Attn: [REDACTED]

Government Remittance Address:

Naval Surface Warfare Center, Carderock Division  
9500 MacArthur Blvd.  
West Bethesda, MD 20817-5749  
Attn: [REDACTED]

(End of Clause)

CAR-I18 TECHNICAL INSTRUCTIONS (DEC 2001)

(a) Performance of the work hereunder may be subject to written technical instructions signed by the Task Order Manager. As used herein, technical instructions are defined to include the following:

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 106 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	--------------------	-------

(1) Directions to the Contractor that suggest pursuit of certain lines of inquiry, shift work emphasis, fill in details or otherwise serve to accomplish the statement of work.

(2) Guidelines to the Contractor that assist in the interpretation of drawings, specifications or technical portions of work description.

(b) Technical instructions must be within the general scope of work stated in the task order.

Technical instructions may not be used to :

(1) assign additional work under the task order;

(2) direct a change as defined in the "Changes" clause of the base contract;

(3) increase or decrease the contract price or estimated amount (including fee), as applicable,

the level of effort, or the time required for task order performance; or

(4) change any of the terms, conditions or specifications of the task order.

(c) If, in the opinion of the Contractor, any technical instruction calls for effort outside the scope of the task order or is inconsistent with this requirement, the Contractor shall notify the Contracting Officer in writing within ten (10) working days after the receipt of any such instruction. The Contractor shall not proceed with the work affected by the technical instruction unless and until the Contracting Officer notifies the Contractor that the technical instruction is within the scope of this task order.

(d) Nothing in the paragraph (c) of this clause shall be construed to excuse the Contractor from performing that portion of the task order statement of work which is not affected by the disputed technical instruction.

(End of Clause)

#### HQ C-2-0037 ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA) (JUL 2000)

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(b) The Contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the contract, the Contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the Contractor under this contract may create a potential organizational conflict of interest on the instant contract or on a future acquisition. In order to avoid this potential conflict of interest, and at the same time to avoid prejudicing the best interest of the Government, the right of the Contractor to participate in future procurement of equipment and/or services that are the subject of any work under this contract shall be limited as described below in accordance with the requirements of FAR 9.5.

(d) (1) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information provided to the Contractor by the Government during or as a result of performance of this contract. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of Government provided information extends

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 107 of 109	FINAL
----------------------------------	----------------------------	----------------------------------	--------------------	-------

to cover such information whether or not in its original form, e.g., where the information has been included in Contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information generated or derived during or as a result of performance of this contract. This prohibition shall expire after a period of three years after completion of performance of this contract.

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the Contractor. The terms of paragraph (f) of this Special Contract Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).

(e) The Contractor further agrees that, during the performance of this contract and for a period of three years after completion of performance of this contract, the Contractor, any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the Contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services, which is the subject of the work to be performed under this contract. This exclusion does not apply to any recompetition for those systems, components or services furnished pursuant to this contract. As provided in FAR 9.505-2, if the Government procures the system, component, or services on the basis of work statements growing out of the effort performed under this contract, from a source other than the contractor, subcontractor, affiliate, or assign of either, during the course of performance of this contract or before the three year period following completion of this contract has lapsed, the Contractor may, with the authorization of the cognizant Contracting Officer, participate in a subsequent procurement for the same system, component, or service. In other words, the Contractor may be authorized to compete for procurement(s) for systems, components or services subsequent to an intervening procurement.

(f) The Contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the Contracting Officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action which the Contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the Contracting Officer in making a determination on this matter. Notwithstanding this notification, the Government may terminate the contract for the convenience of the Government if determined to be in the best interest of the Government.

(g) Notwithstanding paragraph (f) above, if the Contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this contract or becomes, or should become, aware of an organizational conflict of interest after award of this contract and does not make an immediate and full disclosure in writing to the Contracting Officer, the Government may terminate this contract for default.

(h) If the Contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the Government may terminate this contract for default.

(i) The Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.

(j) Nothing in this requirement is intended to prohibit or preclude the Contractor from marketing or

CONTRACT NO. N00178-04-D-4080	DELIVERY ORDER NO. FD02	AMENDMENT/MODIFICATION NO. 61	PAGE 108 of 109	FINAL

selling to the United States Government its product lines in existence on the effective date of this contract; nor, shall this requirement preclude the Contractor from participating in any research and development or delivering any design development model or prototype of any such equipment. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(k) The Contractor shall promptly notify the Contracting Officer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.

(l) The Contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in this contract.

(n) Compliance with this requirement is a material requirement of this contract.

(End of Clause)
