Information For Ordering Agencies 1
Avue Technologies Corp. Module List and Pricing..... 4

INFORMATION FOR ORDERING AGENCIES

1a. AWARDED SPECIAL ITEM NUMBERS (SINs):

SIN	Title
595-22	Private Shared Service Center for Core HR Services
595-22RC	Private Shared Service Center for Core HR Services – Recovery Purchasing
595-26	Private Shared Service Center for non-Core HR Services
595-26RC	Private Shared Service Center for non-Core HR Services – Recovery Purchasing
738X-500	Order Level Materials (OLMs)

1c. IDENTIFICATION OF THE LOWEST PRICED MODEL NUMBER AND LOWEST UNIT PRICE FOR THAT MODEL FOR EACH SPECIAL ITEM NUMBER AWARDED IN THE CONTRACT: See product pricing on pages 4-49

2. MAXIMUM ORDER: \$1,000,000 per Order for SINs 595-22 and 595-26 and \$100,000 per Order for SIN 738X-500.

Notwithstanding this limit, agencies may place and ManTech may honor orders exceeding this limit in accordance with FAR 8.404. This maximum order value is a dollar amount at which it is suggested that the ordering agency request greater discounts from the contractor before issuing the order. The contractor may 1) offer a new lower price, 2) offer the lowest price available under the contract, or 3) decline the order within five (5) days. In accordance with the Maximum Order provisions contained in the Schedule, a delivery order may be placed against the schedule even though it exceeds the maximum order threshold. There is no maximum ceiling for any task order.

3. MINIMUM ORDER: \$100.00 unless ManTech agrees to accept a smaller order amount. When the Government requires supplies or services covered by this contract in an amount less than \$100, the Government is not obligated to purchase, nor is ManTech obligated to furnish those supplies or services under the contract. However, if the Government places such orders, they shall be deemed to be accepted by ManTech, unless returned to the ordering office within 5 workdays after receipt by ManTech

4. GEOGRAPHIC COVERAGE: The geographic scope of this contract is the 48 contiguous states and the District of Columbia, Alaska, Hawaii, and the Commonwealth of Puerto Rico.

5. POINT OF PRODUCTION: United States of America

6. DISCOUNTS FROM LIST PRICES: Reference Net Pricing included herein.

7. QUANTITY DISCOUNTS: None

8. PROMPT PAYMENT TERMS: None – Net 30 days

- 9a. GOVERNMENT PURCHASE CARD ACCEPTED AT OR BELOW THE MICROPURCHASE TRESHOLD (\$3,000).** Government Commercial Credit Cards will be acceptable for payment. Contractors are required to accept the Government purchase card for payments equal to or less than the micro-purchase threshold for oral or written delivery orders
- 9b. GOVERNMENT PURCHASE CARD ACCEPTED ABOVE THE MICROPURCHASE TRESHOLD.** Government purchase cards will be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payment will be shown on the invoice.
- 10. FOREIGN ITEMS:** None
- 11a. TIME OF DELIVERY:** 30 Days
- 11b. EXPEDITED DELIVERY:** Contact ManTech

Incorporates an unlimited number of warning periods, thresholds, and attendance groups while and maintaining detailed histories. ATA also includes complete leave management functionality that enables an organization to manage and track leave requested by employees 80,000 to 90,000 per budgeted FTE	\$8.07
38-4403	ATA-100K	Avue Time and Attendance- Automates 100% of pay rules and centralizes zero-to-gross pay functionality for even the most complex agency operations. Sophisticated features Including retroactive adjustments, labor and production metrics, real-time rules processing. Unlimited number of accounts can be used. ATA maintains an attendance history by employee and provides reports and notifications of violations based on an organization's settings. Incorporates an unlimited number of warning periods, thresholds, and attendance groups while and maintaining detailed histories. ATA also includes complete leave management functionality that enables an organization to manage and track leave requested by employees 90,000 to 100,000 per budgeted FTE	\$7.35
38-4404	AWS-1K	Avue Workforce Scheduling- Automates schedule management for organizations with teams of employees who perform shift work. Reduces the time a manager needs to spend ensuring schedules are filled with qualified employees based on the demands for the day. Uses 'bumping' to automatically fill schedules with employees based on their shift patterns, Job qualifications or employee rankings. Also assists managers In performing other daily staffing requirements including booking employees off, finding replacements to meet qualification and overtime rules and performing mass changes quickly arid easily. Seamlessly Integrated with ATA ensuring that all time scheduled can be easily tracked against actual employee time. Minimum 1,000 FTE	\$25.00
38-4405	AWS-2K	Avue Workforce Scheduling- Automates schedule management for organizations with teams of employees who perform shift work. Reduces the time a manager needs to spend ensuring schedules are filled with qualified employees based on the demands for the day. Uses 'bumping' to automatically fill schedules with employees based on their shift patterns, Job qualifications or employee rankings. Also assists managers In performing other daily staffing requirements including booking employees off, finding replacements to meet qualification and overtime rules and performing mass changes quickly arid easily. Seamlessly Integrated with ATA ensuring that all time scheduled can be easily tracked against actual employee time. 1,000 to 2,000 per budgeted FTE	\$31.43
38-4406	AWS-3K	Avue Workforce Scheduling- Automates schedule management for organizations with teams of employees who perform shift work. Reduces the time a manager needs to spend ensuring schedules are filled with qualified employees based on the demands for the day. Uses 'bumping' to automatically fill schedules with employees based on their shift patterns, Job qualifications or employee rankings. Also assists managers In performing other daily staffing requirements including booking employees off, finding replacements to meet qualification and overtime rules and performing mass changes quickly arid easily. Seamlessly Integrated with ATA ensuring that all time scheduled can be easily tracked against actual employee time. 2,000 to 3,000 per budgeted FTE	\$33.72
38-4407	AWS-5K	Avue Workforce Scheduling- Automates schedule management for organizations with teams of employees who perform shift work. Reduces the time a manager needs to spend ensuring schedules are filled with qualified employees based on the demands for the day. Uses 'bumping' to automatically fill schedules with employees based on their shift patterns, Job qualifications or employee rankings. Also assists managers In performing other daily staffing requirements including booking employees off, finding replacements to meet qualification and overtime rules and performing mass changes quickly arid easily. Seamlessly Integrated with ATA ensuring that all time scheduled can be easily tracked against actual employee time. 3,000 to 5,000 per budgeted FTE	\$23.85

Utilizes workforce behavior profiles to project key events across multiple years and the resulting Impact 10,000 to 15,000 per budgeted FTE	\$17.40
38-4445	OFM-20K	Organizational Forecasting - Includes succession planning- Assists fine managers and staff professionals In analyzing the organization, employee demographics, competency/skill mix, payroll expenditures, and other workforce profiles to determine trends, Identify labor market effects, conduct scenario planning, determine bench strength for succession planning, quantify the costs of organizational activities, and forecast the structure and needs of the organization in future year. Includes factoring In retirement, attrition, cycle time to fill positions, training costs, training capacity, and similar factors. Cost projections are provided across multiple years. Utilizes workforce behavior profiles to project key events across multiple years and the resulting Impact 15,000 to 20,000 per budgeted FTE	\$16.39
38-4446	OFM-25K	Organizational Forecasting - Includes succession planning- Assists fine managers and staff professionals In analyzing the organization, employee demographics, competency/skill mix, payroll expenditures, and other workforce profiles to determine trends, Identify labor market effects, conduct scenario planning, determine bench strength for succession planning, quantify the costs of organizational activities, and forecast the structure and needs of the organization in future year. Includes factoring In retirement, attrition, cycle time to fill positions, training costs, training capacity, and similar factors. Cost projections are provided across multiple years. Utilizes workforce behavior profiles to project key events across multiple years and the resulting Impact 20,000 to 25,000 per budgeted FTE	\$15.53
38-4447	OFM-30K	Organizational Forecasting - Includes succession planning- Assists fine managers and staff professionals In analyzing the organization, employee demographics, competency/skill mix, payroll expenditures, and other workforce profiles to determine trends, Identify labor market effects, conduct scenario planning, determine bench strength for succession planning, quantify the costs of organizational activities, and forecast the structure and needs of the organization in future year. Includes factoring In retirement, attrition, cycle time to fill positions, training costs, training capacity, and similar factors. Cost projections are provided across multiple years. Utilizes workforce behavior profiles to project key events across multiple years and the resulting Impact 25,000 to 30,000 per budgeted FTE	\$14.78
38-4448	OFM-40K	Organizational Forecasting - Includes succession planning- Assists fine managers and staff professionals In analyzing the organization, employee demographics, competency/skill mix, payroll expenditures, and other workforce profiles to determine trends, Identify labor market effects, conduct scenario planning, determine bench strength for succession planning, quantify the costs of organizational activities, and forecast the structure and needs of the organization in future year. Includes factoring In retirement, attrition, cycle time to fill positions, training costs, training capacity, and similar factors. Cost projections are provided across multiple years. Utilizes workforce behavior profiles to project key events across multiple years and the resulting Impact 30,000 to 40,000 per budgeted FTE	\$13.29
38-4449	OFM-50K	Organizational Forecasting - Includes succession planning- Assists fine managers and staff professionals In analyzing the organization, employee demographics, competency/skill mix, payroll expenditures, and other workforce profiles to determine trends, Identify labor market effects, conduct scenario planning, determine bench strength for succession planning, quantify the costs of organizational activities, and forecast the structure and needs of the organization in future year. Includes factoring In retirement, attrition, cycle time to fill positions, training costs, training capacity, and similar factors. Cost projections are provided across multiple years. Utilizes workforce behavior profiles to project key events across multiple years and the resulting Impact 40,000 to 50,000 per budgeted FTE	\$12.09

ManTech Part #	Avue Part #	Description	GSA Price
38-4450	OFM-60K	Organizational Forecasting - Includes succession planning- Assists fine managers and staff professionals In analyzing the organization, employee demographics, competency/skill mix, payroll expenditures, and other workforce profiles to determine trends, Identify labor market effects, conduct scenario planning, determine bench strength for succession planning, quantify the costs of organizational activities, and forecast the structure and needs of the organization in future year. Includes factoring In retirement, attrition, cycle time to fill positions, training costs, training capacity, and similar factors. Cost projections are provided across multiple years. Utilizes workforce behavior profiles to project key events across multiple years and the resulting Impact 50,000 to 60,000 per budgeted FTE	\$10.92
38-4451	OFM-70K	Organizational Forecasting - Includes succession planning- Assists fine managers and staff professionals In analyzing the organization, employee demographics, competency/skill mix, payroll expenditures, and other workforce profiles to determine trends, Identify labor market effects, conduct scenario planning, determine bench strength for succession planning, quantify the costs of organizational activities, and forecast the structure and needs of the organization in future year. Includes factoring In retirement, attrition, cycle time to fill positions, training costs, training capacity, and similar factors. Cost projections are provided across multiple years. Utilizes workforce behavior profiles to project key events across multiple years and the resulting Impact 60,000 to 70,000 per budgeted FTE	\$9.87
38-4452	OFM-80K	Organizational Forecasting - Includes succession planning- Assists fine managers and staff professionals In analyzing the organization, employee demographics, competency/skill mix, payroll expenditures, and other workforce profiles to determine trends, Identify labor market effects, conduct scenario planning, determine bench strength for succession planning, quantify the costs of organizational activities, and forecast the structure and needs of the organization in future year. Includes factoring In retirement, attrition, cycle time to fill positions, training costs, training capacity, and similar factors. Cost projections are provided across multiple years. Utilizes workforce behavior profiles to project key events across multiple years and the resulting Impact 70,000 to 80,000 per budgeted FTE	\$8.93
38-4453	OFM-90K	Organizational Forecasting - Includes succession planning- Assists fine managers and staff professionals In analyzing the organization, employee demographics, competency/skill mix, payroll expenditures, and other workforce profiles to determine trends, Identify labor market effects, conduct scenario planning, determine bench strength for succession planning, quantify the costs of organizational activities, and forecast the structure and needs of the organization in future year. Includes factoring In retirement, attrition, cycle time to fill positions, training costs, training capacity, and similar factors. Cost projections are provided across multiple years. Utilizes workforce behavior profiles to project key events across multiple years and the resulting Impact 80,000 to 90,000 per budgeted FTE	\$8.07
38-4454	OFM-100K	Organizational Forecasting - Includes succession planning- Assists fine managers and staff professionals In analyzing the organization, employee demographics, competency/skill mix, payroll expenditures, and other workforce profiles to determine trends, Identify labor market effects, conduct scenario planning, determine bench strength for succession planning, quantify the costs of organizational activities, and forecast the structure and needs of the organization in future year. Includes factoring In retirement, attrition, cycle time to fill positions, training costs, training capacity, and similar factors. Cost projections are provided across multiple years. Utilizes workforce behavior profiles to project key events across multiple years and the resulting Impact 90,000 to 100,000 per budgeted FTE	\$7.35
