Meet Ray

"I came back on January 25, 2021. I saw an opportunity to utilize my previously acquired skills in ServiceNow as well as expand into a new area of growth in my career. ManTech provides many opportunities with supporting tools such as training and many other internal offerings". Ray came back to ManTech for the people and potential opportunities. The ManTech Alumni Network is a global community of people with diverse skillsets who have worked at ManTech at some point in their career. We consider our alumni to be part of our history as well as our future success, and want to offer opportunities to come back and join us, refer a friend, or simply stay connected with the community.
